

Post-Secondary Transition Planning

In this two-part series, we will review AB 438, which amends the Education Code to include new requirements for post-secondary goals and transition services in high school special education students' IEPs. Participants will learn the necessary steps regarding transition planning for students with disabilities, and how to complete the Individual Transition Plan in the Individualized Education Program.

In this series, we will cover:

- Part 1: Transition Assessments and Data Collection
- Part 2: Developing Post-Secondary Goals and Transition Activities

Intended Audience: Administrators, administrative designees, special education teachers, and other related service providers

Tuesday, January 12, 2027 (Part 1)
